GOVERNANCE STANDARD 2:

The Board (or governing body) effectively functions within its core responsibilities of developing school policies, maintaining financial stability, planning for the future, and employing, supporting, and evaluating the school Head.

Indicators that a school meets

Standard 2:

2.1 The Board is an entity that exercises functional independence to carry out its core responsibilities of school governance.

2.2 The Board develops, maintains, and regularly reviews the school's Bylaws.

2.3 The Board develops and maintains annual procedures and written expectations for the Board, including conflict of interest and confidentiality policies. These policies are reviewed, signed, and adhered to by all Board members annually.

2.4 The Board and Head demonstrate an understanding of their roles in governance and the formulation of school policies, and implement a sound practice of this understanding.

2.5 The Board nurtures a positive working relationship with the Head of School, who, as their sole employee, is responsible for hiring, evaluating, and leading all administrators, faculty, and staff, implementing policies, and overseeing the school's day-to-day operations. The Head is evaluated on an annual basis.

2.6 The Board plans and participates in board development, including effective recruitment of and orientation for new members, continuing education for all members, and a process for self-evaluation of the entire Board.

2.7 The Board's fiduciary oversight and stewardship ensure the availability of the necessary fiscal resources to support the mission and provide for the optimum operation of the school.

2.8 The Board provides strategic oversight of the school's fundraising initiatives and financially supports them as well.

2.9 The Board meets regularly and securely maintains comprehensive and accurate records of its policies, meetings, and committee meetings.

2.10 The Board engages in succession planning for challenges in Head and Board leadership roles in order to provide stability and continuity for the school.

STRATEGIC AND LONG-TERM PLANNING STANDARD 3:

The Board (or governing body) engages in long-range and strategic thinking to support the continuous growth and development of the school.

Indicators that a school meets

Standard 3:

3.1 The Board develops and approves a clearly stated multi-year strategic plan that outlines the major goals for school improvement and establishes the strategic priorities for the school.

3.2 The Board develops and approves a multi-year financial plan that supports the school's strategic plan and drives the development of the annual budget.

3.3 The Board engages in annual review of the strategic and financial plans that includes the review of relevant data as well as new strategic opportunities and challenges.
